Apprenticeship

Information Brief:
Challenges and
Opportunities Using
WIOA Title 1 for
Apprenticeship Expansion

Join us for the next Network meeting, [Leveraging Partnerships with the Public Workforce System](#), on October 15 from 2 to 3 p.m. ET. We will cover what the workforce system is, the flow of services, key organizations and staff roles, and how the Registered Apprenticeship system and public workforce systems can work together to achieve mutually beneficial outcomes. We will also highlight ways Registered Apprenticeship professionals can work with workforce system providers in your region. As always, we will have a featured guest and time for networking with your colleagues!

[The Workforce System and Partnerships with Registered Apprenticeship Programs](#) provides a high-level overview of how the workforce system, funded by the Workforce Innovation and Opportunity Act (WIOA), can support Registered Apprenticeship. This resource provides an overview of Registered Apprenticeship and identifies several key strategies for alignment between the workforce and Registered Apprenticeship systems. Registered Apprenticeship professionals can share this fact sheet with workforce partners to help facilitate conversations about ways to partner that support mutually beneficial outcomes.

Resource

[Challenges and Opportunities for Expanding Registered Apprenticeship with Workforce Innovation and Opportunity Act \(WIOA\) Title I: Findings from the American Apprenticeship Initiative Evaluation](#), from Abt Associates and the Urban Institute, discusses the challenges that organizations encountered when trying to use WIOA Title 1, Workforce Development Activities, funds to sustain grant-funded Registered Apprenticeship Programs. The report uses these challenges to promote opportunities for strengthening partnerships such as providing training for American Job Center staff about Registered Apprenticeship, promoting the positive returns of Registered Apprenticeship for employers and job seekers, focusing on shared accountability measures, and more.
